Whether you're a Project Heart expert or brand new to philanthropy, you'll love our bingo board!

Project Heart teaches students that everyone can be a philanthropist once they know their 3Ts (time, talent and treasure) and use them to make a difference.

No matter if you're 4 or 104, you have the power inside of you to make a difference for someone else in need.

Still not sure if you're a philanthropist? Then this is the game for you! Simply complete five squares in a row, column or on the diagonal, then share on social media using #projectheart. If you're a super philanthropist, then blackout your whole board!
